

Diary Dates

Hunters Hill Private Hospital is pleased to announce its Continuing Professional Development Program for 2010.

Casemix (ALM) – a series of 3 exciting Tuesday nights to come, see and most of all contribute...featuring the topics listed below. Attend any night and earn Category 2 points, alternatively attend all 3 evenings to gain 40 Category 1 points.

GP Education 2010

Program:

- 9 March **See Hear**
 Ophthalmology and ENT-featuring the quick, competent GP assessment of vision and hearing, what's happening with cochlear implants and retinal conditions, what the GP needs to know.
- 8 June **See Thro**
 From surgery to squash (or at least square dancing) rehabilitation after orthopaedic surgery from woe to go. Contributors to include an orthopaedic specialist, rehabilitation physician, physiotherapist and other members of the rehab team.
- 14 September **See Saw**
 Kids & cuts, aches & pains, lumps & bumps and when to refer to a paediatric surgeon PLUS an update on macular degeneration and other things ophthalmologic.

If considering our Active Learning Module you **must** attend all 3 nights and complete a predisposing and reinforcing activity. Full program details will be sent out prior to each event. You will need to register for each evening you wish to attend on the fax flyer for that event.
